MEDICINAL

When an innocent man is jailed by mistake he prefers to come out the same way he went in. He may break jail and be caught and put back again. He'd rather have the door unlocked and walk out and stay out.

A sick man is a prisoner in the jail of disease. He has gone in by some door of carelessness or neglect or irregular living, and he must unlock this same door by careful, sensible habits if he wants to be a free man again.

If dyspepsia and biliousness or constipation is the way he got into disease, he has got to overcome just those troubles before he can get out.

The majority of diseases begin with some trouble of the digestive organs or of the liver, which prevents the supply of proper nourishment to the system. The best remedy for these troubles is Dr. Pierce's Golden Medical Discovery, because it gives the digestive and blood-making organs power to assimilate food and transform it into pure, nourishing blood, vitalized with an abundance of red corpuscles.

It acts directly upon the liver and gives it capacity to filter all bilious impurities out of the circulation. It builds up solid, muscular flesh and healthy nerve-force.

In obstinate constipation the "Di-Cover" should be used in conjunction with Dr. Pierce's Pleasant Pellets, the most natural and thoroughly scientific laxative ever devised. The "Pellets" regulate and invigorate the stomach, liver and bowels. It is a gentle laxative; two act as a mild cathartic.

A wife had suffered for seven years with dyspepsia, sick headache and constipation," writes Mr. J. H. Jameson, of Dunbarton, Merrimack Co., N. H. "We tried many doctors and many kinds of medicine, but all were of no avail. We purchased six bottles of your 'Golden Medical Discovery,' which, together with the 'Pleasant Pellets,' has entirely restored my wife's health, and we cannot say enough in thanks to you for these valuable medicines."

RESORT TO SKIN GRAFTING.

Jennie Kinsella, the pretty mill girl whom Owen Murphy mistook for the svestheart who had jilted him, and whom he threw vitriol upon, is to have a unique testimonial of affection from her friends.

Although the vitriol was thrown on the night of October 21, as fully detailed in the Gazette at the time, the girl is still in a critical condition. Her scarred face and neck breast refuse to heal. So deeply has the powerful corrosive burned into the flesh that every spot where it touched is still raw. As a result, Dr. Huntington decided last night that skin grafting offered the only chance for the sufferer's recovery.

Portions of both cheeks, the entire right side of the girl's neck and almost the entire breast will have to be operated upon, and, according to the physician, live patches of healthy skin grafted on the scarred flesh. In the patient's feeble condition the necessary article for the operation will have to be furnished by others.

John O'Donnell, who is engaged to marry the injured girl, and who has seldom left her bedside since she was injured, was present when the doctor made his announcement. He at once volunteered to contribute his life's blood if necessary to save his sweetheart's life.

Jennie's two brothers expressed themselves as willing also to submit to the pain of having patches of skin removed for the purpose of furthering their sister's chances of recovery.

When the girls of the mill where Jennie was employed were informed of the doctor's decision there was a stampede of volunteers. Half of the girls in the mill were anxious to contribute to the cause and crowded forward clamoring for the privilege of being allowed to sacrifice themselves and go under the surgeon's knife in the interests of Jennie's recovery.

The denizens of "Cobble Hill," as the Platteville avenue neighborhood where the Kinsellas live is called, were also not to be overlooked in heroic generosity, and there were more volunteers there who were willing to contribute patches of their skin to save the girl.

The offers of about twenty persons will be accepted by the physicians, who have not yet decided definitely when they will attempt the operation, but it will probably be on Friday.

Mary Troy, who was walking with Jennie Kinsella when Murphy mistook her for Mamie McCrory, and dashed the vitriol in her face, is much better. She was not nearly so badly burned as her companion. She will be sent to New Haven by the relief committee today to recuperate for a few weeks.

The relief fund that is being raised for the injured girls is growing steadily. Treasurer Green now has nearly \$800, and contributions are still coming in.

CRIME OF A MEXICAN LAD—A dispatch from Brownsville, Texas, says a Mexican boy named Bernardo Salazar, aged sixteen, has shot and probably fatally wounded two old women and two little girls, aged two and four years. There is no cause assigned for the deed. Salazar was arrested and placed in jail. The weapon was a double-barrelled shotgun loaded with buckshot.

The Coming Woman
Who goes to the club while her husband tends the baby, as well as the good old-fashioned woman who looks after her home, will both at times get run down in health. They will be troubled with loss of appetite, headaches, sleeplessness, fainting or dizzy spells. The most wonderful remedy for these women is Electric Bitters. Thousands of sufferers from Lame Back and Weak Kidneys rise up and call it blessed. It is the medicine for women. Female complaints and Nervous troubles of all kinds are soon relieved by the use of Electric Bitters. Delicate women should keep this remedy on hand to build up the system. Only 50c. per bottle. For sale by E. L. Allen.

When you are suffering from Catarrh or Cold in the head you want relief right away. Only 10 cents is required to test it. Ask your druggist for the trial size of Ely's Cream Balm, or buy the 50c. size. We mail it.

For Over Fifty Years
An Old and Well-Tried Remedy—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

J. C. Berry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve. He had been troubled with piles for over thirty years and had used many different kinds of so-called cures; but DeWitt's was the one that did the work and he will verify this statement if any one wishes to write him. MAYOR'S OFFICE.

The following letter has just been delivered to me by Dr. J. T. Miller, Health Officer.
GEO. L. SIMPSON, Mayor.

Treasury Department,
Office Supervising Surgeon General,
Marine Hospital Service,
Washington, D. C., Nov. 4, 1897.
Dr. J. T. Miller, Health Officer, Alexandria, Virginia.

In reply to your letter of the 10th ultimo, you are informed that eight samples of water from the public supply of Alexandria have been subjected to a bacteriological examination in the Hygienic Laboratory of the Marine Hospital Service, and that each specimen contained the bacterium coli commune, whose presence shows conclusively that at the time the samples were collected there was contamination from the drainage from privy vaults or stables. As to the advisability of drinking water containing bacteria from the dejects of man or animals, each municipality must decide for itself. Its effects you can readily comprehend, especially when you consider the liability of contamination with typhoid organisms. The danger is in a great degree commensurate with that liability.

By direction of Supervising Surgeon General, M. H. S.
Respectfully yours,
PRESTON H. BATHACHE,
Surgeon M. H. S.
